How to Print & Play

Everything the host needs for a smooth game

1 Print

Print pages 4–33 on US Letter paper at 100% or Actual Size. Choose the botanical PDF for the full design, or the printer-friendly PDF to use less ink.

2 Prepare the caller sheet

Print page 3. The host may cut apart the word boxes and draw them from a bowl, or simply cross off each word as it is called.

3 Hand out the cards

Give one different card to each guest. Use buttons, coins or small candies as markers. The center FREE space is already covered.

4 Call and win

Call one word at a time. The first guest to cover five spaces in a horizontal, vertical or diagonal line calls “BINGO!” Check the winning words against the caller sheet.

Host tip: decide before play whether you will award one winner or continue for a second pattern, such as four corners or a full card.

Baby Shower Bingo Caller Sheet

Cut out the boxes and draw them, or cross off each word as you call it.
