

Color, Cut, Fold and Fill

Finished size 2 × 2 × 2 in (51 × 51 × 51 mm) • read every step before cutting

CUT OUT

FOLDING

FINISHED

Pictures are rendered from this template — not photos of a built box.

FINISHED SIZE (OUTSIDE)

2 × 2 × 2 in (51 × 51 × 51 mm)

HOLDS (ESTIMATE)

about 8–10 small wrapped candies, or a mini toy and a sticker

YOU NEED

1 sheet of cardstock, scissors, a ruler, a glue stick or tape, an empty ballpoint pen to score, crayons or markers; for the tags a hole punch and string

INSIDE (ESTIMATE)

about 1.95 × 1.95 × 1.95 in (50 × 50 × 50 mm)

CLOSES

Tuck lid on top, tuck base below

- 1 COLOR**
Color the pictures with crayons, colored pencils or markers before you cut — it is easier on a flat sheet.
- 2 CUT**
Cut along every solid line, including the small notches between flaps. Do not cut the dashed lines.
- 3 SCORE**
Run your scoring tool along each dashed line against a ruler, then fold every scored line away from the print and open it flat again.
- 4 GLUE THE SIDE**
Put glue on the GLUE tab. Fold the walls into a square tube and press the tab inside the outer edge of the ghost wall, at the other end of the strip. Hold for 30 seconds.
- 5 CLOSE THE BASE**
Fold the two small flaps at the base inward, fold the base lid over them and push its rounded tuck inside the box.
- 6 FILL AND CLOSE**
Fill with wrapped treats. Fold the two small top flaps in, close the lid and push the tuck inside, behind the pumpkin wall.

Food contact: home-printer ink and paper are not food safe. Fill boxes with individually wrapped treats, or put snacks in a food-safe bag or liner first. Small parts: wrapped candies, ribbon and punched paper circles can be choking hazards for children under 3.

More shapes: the Halloween Treat Box Builder on Bobotemp adds a gable handle box, a pillow box, a popcorn carton and a haunted house, with painted art and matching tags.
