

FREE PRINTABLE TEAM ACTIVITY

Couples' Shower Team Challenge

One complete fictional planning challenge with fair scoring and seated roles.

WHAT'S INSIDE

- Host guide
- Team planning sheet
- Decision challenge
- Scoring example

BOTH PARTNERS RECEIVE EQUAL ATTENTION

BOBOTEMP

Quick Host Guide

A complete 20-minute team challenge

AT A GLANCE

6–30 participants • 20–25 minutes • couples' shower guest teams

BEFORE GUESTS ARRIVE

- ☐ Form teams of 3–6. Give each team one copy of page 3 and keep one page 4 scoring sheet per team.
- ☐ Explain the page 4 criteria before teams start.
- ☐ Timing: explain 3 min • plan 12 min • written plan or short presentation 5 min • score 5 min.
- ☐ Print at 100% / Actual Size. Offer writing, timing, scorekeeping and pass options before play.

CHOICE-FIRST SCRIPT

“Every activity is optional. You may pass, write, keep time or keep score, and rejoin whenever you are ready, without explaining.”

REQUIRED CONSTRAINTS

OUR PLAN

HOW BOTH PARTNERS BENEFIT

TEAM NAME

BOBOTEMP • FREE COUPLES TEAM CHALLENGE

Score and Explain

The host awards only the printed criteria

CRITERION	POINTS	SCORE
Uses both constraints	0-2	
Benefits both partners	0-2	
Clear enough to carry out	0-2	
Every teammate offered a role (passing never costs a point)	0-2	

0 = not met • 1 = partly met • 2 = fully met. Maximum 8.

SCORING EXAMPLE

Welcome-message table: two equal paper panels, one for each partner; guests add a welcoming word to each. A guest who stays seated writes or collects messages from their chair. Teammates choose planning, materials, timing, writing or presentation roles; passing is allowed. Invented exercise prices: paper \$6, markers \$8, tape \$2 = \$16, within the \$20 budget.

CRITERION	SCORE	WHY
Uses both constraints	2/2	Within the \$20 fictional budget and includes the seated guest
Benefits both partners	2/2	Both partners receive equal attention and a keepsake
Clear enough to carry out	2/2	Materials and steps are stated
Every teammate offered a role	2/2	Everyone is offered a role or a pass
Total	8/8	

Tie: tied teams write one practical improvement to their plan in 60 seconds, keeping both constraints. The host chooses the clearest feasible change; if the teams remain tied, recognize them as joint winners.
