BOBOTEMP

Make a Paper Rosette

A complete free craft, separate from the four in the full kit

Easy
LEVEL

15 min
TO MAKE

2.5 in
ACROSS

A round pleated paper rosette that hangs on a tree or a gift.

YOU NEED

- 1 printed sheet (makes two rosettes)
- scissors
- ruler
- glue stick
- hanging thread or ribbon

MAKE IT

- STEP 1**
Cut out the four strips and four centre discs; two strips and two discs make one rosette.
- STEP 2**
Fold each strip back and forth on every dashed line like a fan, so the pleats stack neatly.
- STEP 3**
Glue the tab of the first strip to the plain end of the second, making one long fan.
- STEP 4**
Bring the two ends of the long fan together and glue them, making a ring.
- STEP 5**
Lay the ring on the table and press its centre down until it flattens into a circle; check that the pleats are even, and hold it flat.
- STEP 6**
Glue a disc over the centre on the front. Turn the rosette over, lay the ends of a thread loop across the centre and glue the second disc over them; let it dry before hanging.

CREATIVE CHALLENGE

- Color the strips so a pattern spins around the circle
- Try one rosette with stripes and one with dots

Paper Rosette Ornament • Template

Print at 100% / Actual Size and check the 1-inch square before cutting

 CUT on solid lines  FOLD on dashed lines

ROSETTE A • STRIP 1

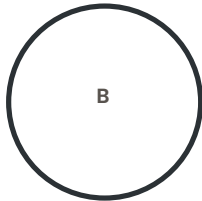

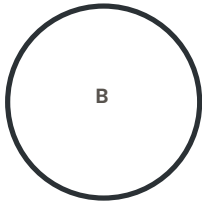

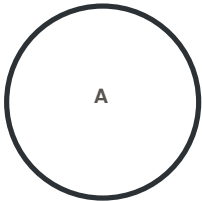

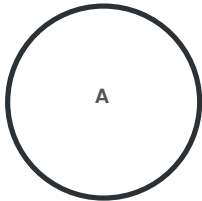

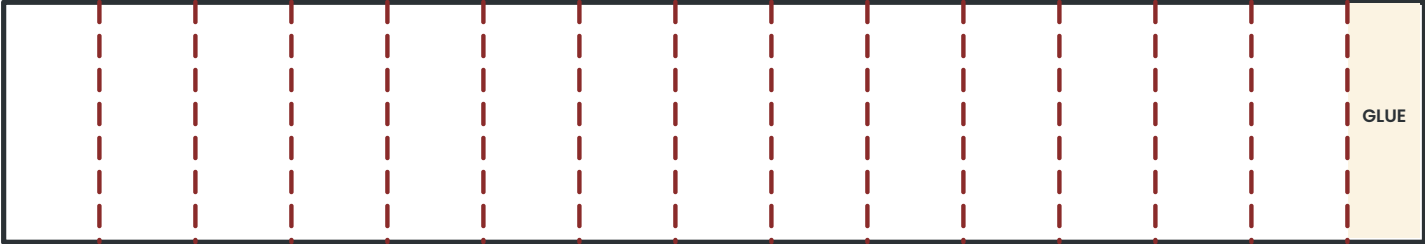

ROSETTE A • STRIP 2

ROSETTE B • STRIP 1

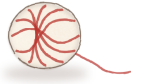

ROSETTE B • STRIP 2

Rosette Challenge & Maker Note

See how it goes together, try the challenge, then note what you learned

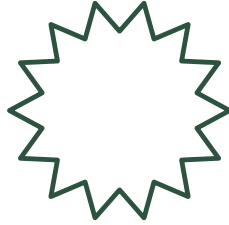

HOW IT GOES TOGETHER

1

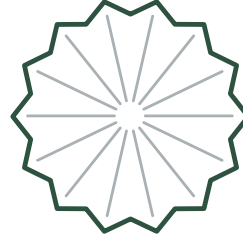

Join two strips at the GLUE tab

2

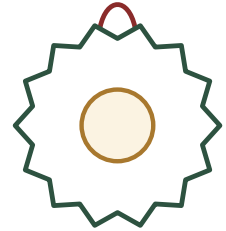

Bring the ends together into a ring

3

Press the centre flat into a circle

4

Glue the discs; trap a thread loop under the back one

YOUR CHALLENGE

- Color the strips so a pattern spins around the circle
- Try one rosette with stripes and one with dots

MY PATTERN IDEA

ONE CHANGE I WOULD TRY NEXT TIME

SAFETY

Print at Actual Size / 100% and verify the 1-inch scale square before cutting. An adult should handle craft knives; supervise children using scissors and small parts. Dry-fit every join before gluing. Let adhesive dry before hanging or packing a craft. Hanging thread and small paper parts are not for children under three.
