

Free Halloween Bag Toppers

Seven toppers in two real sizes • no editing needed

TOPPER	SIZE AND FIT
Treat-bag topper	3.9 × 4.5 in flat (99 × 114 mm); folds to 3.9 × 2.25 in. For cellophane treat bags about 4 in wide.
Sandwich-bag topper	6.5 × 3.1 in flat (165 × 79 mm); folds to 6.5 × 1.55 in. For zipper sandwich bags about 6.5 in wide.

- 1

PRINT

Print at Actual Size (100%) on cardstock or heavy paper. Check the 1-inch square.
- 2

CUT

Cut on the solid lines. Toppers that touch share a line — one cut separates both.
- 3

FOLD

Fold each topper on its dashed line, picture side out.
- 4

FILL AND STAPLE

Fill the bag, fold the topper over its top and staple twice, through the small marks.

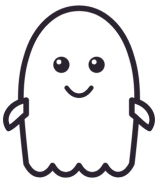

Print one page first and measure this square. It must be exactly 1 inch (25.4 mm) — if not, choose Actual Size / 100% in the print settings.

Measure first

SAFETY

Fill with wrapped treats or non-food treats. Small things — erasers, mini toys, crayons, bag ties and the punched paper circles — can be choking hazards for children under 3, including younger brothers and sisters at home. Choose larger items for younger classes.

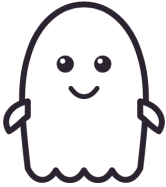

For a whole class: the Classroom Non-Candy Treat Kit on Bobotemp adds a teacher plan, copy counts for 20–35 children, a roster, a parent note, pencil flags, eraser cards and name labels.
