How to Play

Two quick games. Nobody is ever out.

GAME 1 • SPOT ROLL (AGES 3–7)

1. Give each player a Spot Roll board and a crayon. Ages 3–5 use the one-die board (spots 1–6); ages 5–7 can use the two-dice board (spots 2–12).
2. Players take turns rolling. Color the spot with the number you rolled. Two dice? Add them together first.
3. If that spot is already colored, say "Buzz!" and pass the die.
4. When every spot is colored, shout "Ladybug!" Keep rolling to help friends: the game ends when every ladybug is finished.

GAME 2 • GARDEN MATCH (AGES 3–7)

1. Cut out the 24 cards and lay them face down in rows.
2. Take turns flipping two cards. A match means: a ladybug with that many spots and its number (for example 4 spots + "4"), or two identical garden pictures.
3. Keep a match and go again; otherwise turn both cards back over. Play until every card is matched. Count your pairs together.
4. For ages 3–4, play with the 12 picture cards only (page 6), face up first, then face down.

YOU WILL NEED

- ☐ One or two ordinary dice
- ☐ Red and black crayons
- ☐ Scissors for the cards
- ☐ A table or picnic blanket

GOOD TO KNOW

Use crayons or stickers to mark spots. Keep dice and small items away from children under 3. Count spots aloud together: it doubles as early number practice.
