Facilitator Guide & Categories

Match each large item card to WEAR, CARRY, or TABLE.

READ ALOUD — I will read each category and item card. Place, point, or say where each item belongs.

- ☐ No answer depends on color. Every marker also has a printed word, shape, number, or pattern.
- ☐ Use one activity page at a time and reduce glare. Keep cards clearly separated and within comfortable viewing distance and reach; adjust spacing and position for each player.
- ☐ Print single-sided at 100%. One set of headers and cards per group; cut out the cards and shuffle them. Keep page 4 with the facilitator.
