How to Fold Your Mini Book

The one-sheet book: one page, one cut, eight panels

ONE-SHEET BOOK (FOLD AND CUT)

cut the middle slit only

- 1 PRINT ONE SHEET**
Print the one-sheet page by itself at 100% / Actual Size, single-sided.
- 2 FILL IT IN FLAT**
Draw and write on all eight panels before folding — it is much easier on a flat sheet.
- 3 FOLD IT LONG, THEN SHORT**
Turn the sheet wide. Fold it in half the long way with the pictures outside, then in half and in half again the short way. Unfold.
- 4 CUT THE MIDDLE SLIT**
Fold it in half the short way and cut along the dashed line, from the fold to the dot. A grown-up can do this step.
- 5 PUSH AND FLATTEN**
Open it, fold it the long way again, and push the two ends toward each other. The slit opens; fold the pages around into a book with the cover on the front.

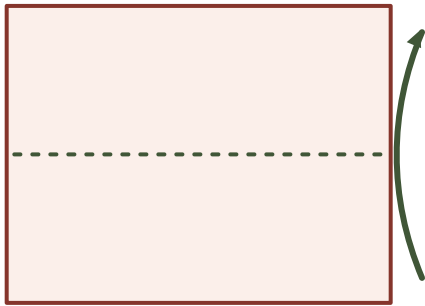

TIPS

Fill the pages in before folding. Younger children draw and tell; a grown-up writes their words on the lines — the pages are only 2.75 × 4.25 in. The full kit adds a version with more lines for older writers and an easy-staple book with 8.5 × 5.5 in pages.

Fold It Step by Step

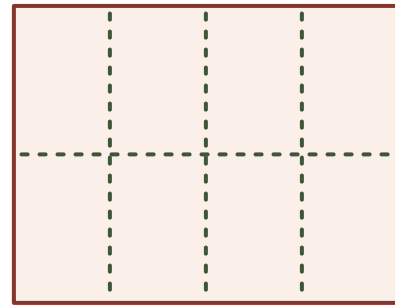

The one-sheet book, from a flat sheet to a 2.75×4.25 in book

1

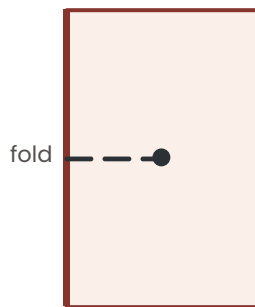

Turn the filled-in sheet wide. Fold it in half the long way, pictures outside.

2

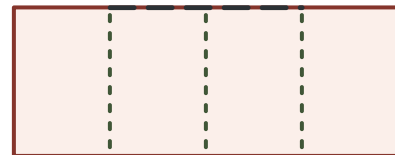

Fold it in half the short way, then in half again. Unfold: eight panels.

3

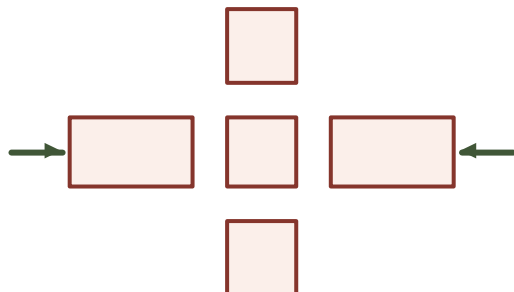

Fold it in half the short way. Cut from the fold to the dot — only there.

4

Open it and fold it the long way again. The slit is in the middle.

5

Push the two ends toward each other; the middle opens into a plus shape.

6

Fold the pages around into a book, cover on the front. Done: 2.75×4.25 in.

You were kind when...

I remember the day...

You helped me learn...

This is you, my teacher

A picture for you

Thank you!

Thank you for...
